

QUALITY POLICY

G2 Integrated Solutions is dedicated to working within a management system that assures a Quality Product and Service for our Customers. G2 Integrated Solutions is committed to meeting the principals and requirements of ISO 9001 (Latest Edition) as well as customer specific quality expectations.

G2 Integrated Solutions will maintain quality through continuous improvement, assuring that all services provided meet or exceed our customer's specified requirements leading to customer satisfaction, thereby establishing G2 Integrated Solutions as a leader in our target markets.

G2 Integrated Solutions' commitments:

- *Ensure the Quality Management System will deliver the complete requirements to the customer within the timeframe given, successfully achieving quality in both the administration of our projects and in the delivery of outcomes that meet the Customer's expectations.*
- *Commit to quality and continuous process improvement, for the benefit of customers, our business and our employees.*

In order to meet these commitments, G2 Integrated Solutions' will:

- *Institute Specific, Measurable, Attainable, Relevant and Time-bound goals and objectives*
- *Develop and implement an effective system of procedures and processes to plan and control activities throughout the lifecycle of a project*
- *Enable, perform, and manage activities that ensure the customer requirements are met*
- *Establish and maintain the infrastructure to provide effective operations*
- *Encourage employee involvement at all levels of the business in achieving quality goals*
- *Provide the necessary information, advice and resources to ensure that employees are adequately trained and understand this policy and its applicable requirements*
- *Monitor and openly report on the performance of the Quality Management System and Focus on Customer Satisfaction in all company activities*
- *Audit the implementation of this policy to establish its effectiveness and facilitate continual improvement of organizational processes, services and products*

This policy statement and the referenced Quality Management System have the absolute support of the Senior Management who shall have the inclusive responsibility for ensuring the management system's effectiveness.
